

SUPPORT HOME PROVIDER POSITION

(Farm setting in Rural Strathcona County)

Brett is a 29 year old gentleman who requires moderate support throughout his day and is looking for a support home environment. Brett's interests include helping with animals and farm chores.

Brett is diagnosed with Multiple Sclerosis and a developmental delay. He requires support to attend medical appointments. Brett's MS requires monitoring especially in the spring and summer months where heat can trigger attacks.

Brett is a very social gentleman requiring support to establish and maintain suitable social networks and minimize social risks.

Brett is looking for a home that is without children and where he will be permitted to smoke.

The Support Home Provider will have access to 38 respite days per year.

The Robin Hood Association will pay for training associated with Brett's needs. The Support Home Provider is expected to meet the requirements set out by the Robin Hood Association.

This position is open to start as soon as possible.
